**18 - 19 OCTOBER, 2023**  
**GRAND ARENA - ACCRA GHANA**

[www.wacee.net](http://www.wacee.net)

ORGANISED BY:

Delegation der Deutschen Wirtschaft in Ghana  
Delegation of German Industry and Commerce in Ghana

Supported by:

on the basis of a decision by the German Bundestag

## ABOUT THE ORGANIZER

At 150 locations in 93 countries around the world, the German Chamber Network (AHKs) offers its experience, network and services to German and foreign companies. AHKs are located in all countries which are of special interest for German industry and business. The Delegation of German Industry and Commerce in Ghana is part of the worldwide AHK German Chamber Network.

Drawing from our vast experience and expertise, we are able to provide high quality services to German and Ghanaian companies seeking a comprehensive overview of the various markets of interest in order to make well-informed business decisions. We offer a vast range of services through our DEinternational Department and our Competence Centres. The Delegation is closely connected to the Chambers of Industry and Commerce (IHKs) in Germany. Together, they support German companies with promoting and extending their business relations to foreign countries. The umbrella organization of the IHKs is the German Chamber of Commerce and Industry (DIHK), which also coordinates and supports the AHKs and Delegations.

Our goal as AHK Ghana is to sustainably enhance the economic activities between Germany and Ghana.

## ABOUT WACEE

The West African Clean Energy & Environment Trade Fair & Conference (WACEE), has evolved into the foremost trade fair and conference in West Africa dedicated to renewable energy and environmental matters since its establishment in 2012.

With a specific emphasis on **Clean Energy, Circular Economy, and Water Management**, WACEE serves as a significant forum for power providers, technology suppliers, investors, industry experts, and influential individuals in politics and economics decision-makers. Its primary goal is to foster sustainable development within West Africa's energy and environmental ecosystem

## WACEE '23

Themed "Leading a Sustainable Transition," WACEE'23 aims to go beyond the energy transition and explore various aspects of sustainable development, which involves striking a balance between environmental, economic, and social objectives—a critical challenge for our planet today. The event will shed light on the imperative for organizations, institutions, and communities to shift towards more sustainable patterns of production and consumption. Furthermore, it will emphasize the significance of climate change mitigation and its implications for different stakeholders, as well as the opportunities and challenges it presents in the West African region.

Through plenary sessions, presentations, workshops, and other interactive forums, the conference will bring together essential stakeholders and policymakers to engage in meaningful dialogues on significant industry advancements, opportunities, and challenges in the focal sectors. With its overarching theme of leading a sustainable transition, the conference will serve as a platform to analyze energy, water, circular economy, and sustainability issues in Africa. It will also showcase initiatives that can enhance and drive sustainable development in the region.

### OUR FOCUS SECTORS

## WACEE'23 FEATURED EVENTS

Spanning over a duration of two days, WACEE'23 will encompass a conference and exhibition that will cover the following activities:

### — Exhibition

Position your company's/organization's brand to easily connect to almost 2000 high-level participants at West Africa's most influential clean energy and environment exhibition and conference. Exhibition spaces ranges in sizes from 6m<sup>2</sup> to 18m<sup>2</sup> and above.

### —Conference

During the two-day event, WACEE'23 will convene industry experts, business executives, and influential decision-makers in the clean energy, water, and circular economy sectors. They will gather to address critical issues within their domains and participate in dynamic discussions centered around current developments, prospects, and obstacles pertaining to clean energy, sustainability, climate change, and hydrogen-related topics. The conference will provide a platform for engaging keynote speeches and informative business presentations, creating further avenues for knowledge exchange and networking opportunities.

### – Side Events

WACEE'23 will feature a diverse range of side events such as contests, workshops, and demonstrations, among others, to enrich the overall experience. These additional activities will provide valuable opportunities for attendees to actively participate, learn, and engage with the latest innovations and practices in the fields of clean energy and environmental sustainability. Furthermore, in the period leading up to WACEE'23, organizers will consider input from stakeholders to plan and incorporate additional events that align with the interests and needs of the participants, further enhancing the overall program.

## WHY YOU SHOULD GET INVOLVED IN WACEE'23

Apart from its role as a trade fair-style platform for showcasing goods and services, WACEE'23 presents attendees with a valuable opportunity to network with significant partners, industry leaders, and decision-makers not only from West Africa but also from Europe and other regions. This networking environment fosters fruitful discussions and the potential development of future projects, ideas, and collaborations. Additionally, participants can rapidly enhance brand visibility among a substantial target audience.

### **Additional participation benefits include:**

- Presenting products to a wide-ranging audience from Africa and around the world, all gathered in Ghana.
- Utilizing Ghana's strategic location and infrastructure as a favorable testing ground for businesses aiming to expand their product distribution into the surrounding West African region.

# HOW TO GET INVOLVED

## Book a stand

Are you an established company, Institution, SME, Foundation, or service provider within or related to the selected sectors (Clean Energy, Circular Economy and Water Management)? Then, book your WACEE'23 stand today and receive early bird discounts until end of August 2023.

Connect your company with potential buyers, partners, and investors from West Africa, Europe, and other parts of the world.

## Advertise

Showcase your brand in our well-informed and informative event catalogue displaying the products and services of exhibitors, sponsors as well as the conference sessions to over 2000 expected participants by booking a prime slot in the event brochure.

## Partner

To effectively engage with your desired audience and promote your company, consider becoming a sponsor and actively participating in our conference, trainings, and side events. By sponsoring WACEE'23, you will have the opportunity to showcase your brand and offerings to a targeted audience. We encourage you to reach out to us for a personalized partnership proposal tailored to your specific requirements. Please do not hesitate to contact us so that we can discuss how we can create a mutually beneficial partnership.
